## Objective

As a recent B.Tech graduate in IT, my ambition is to excel in Web Development, specializing in the MERN stack (MongoDB, Express.js, React, Node.js). Eager to apply my coding proficiency and problem-solving skills, I am motivated to collaborate with experienced professionals, continuously learn, and contribute to creating impact web solutions. My goal is to leverage my technical abilities to develop innovative projects that benefit both my personal growth and the success of the organization.
